Hope - it's contagious! Have you ever noticed how one person's incredible outlook or joy-filled demeanor can brighten your day? Sometimes it takes just one positive experience, one moment of someone showing they actually care, or one unexpected victory to completely recharge you and enlarge your perspective. Hope transforms! At **Hope Rides**, our mission is to open doorways of hope and create opportunities for personal growth through connecting horses with people. When you give a kid hope, you can change their world. **What gift of hope might you give today?** How much one has is not nearly as important as what is done with it. No contribution is too small or insignificant to make a difference.

Hope Rides is a registered 501 (c) 3 organization that provides free horse related mentoring programs to any child between the ages of 5-18 who desire to connect with horses. Hope Rides was founded to allow children an opportunity to connect to horses in a safe, peaceful and loving environment intended for healing, growth and hope. Since the beginning it has been abundantly clear that the kids and horses benefit from each other and that the life skills they learn while working with the horses reaches beyond the boundaries of Hope Rides. **Why use horses?** The horse is an amazing animal. Their prey and herd instincts make them an incredible friend and teacher. The opportunity to understand their behavior as it relates to their social and survival needs provides countless opportunities for humans to learn valuable life lessons and skills about ourselves and those around us. Hope Rides connects people to horses in a way that empowers positive choice for positive change and enhances hope for the future.

Although it is free for those who visit the ranch, the cost to run a program of this nature is not. It is for that reason that Hope Rides accepts donations and hosts a variety of **fundraising events**. All the proceeds from today's show will go directly to help fund the programs at Hope Rides. Thank you for participating and supporting Hope Rides!
